

HOW TO DESIGN A 3D MOUSEPAD

1 USE THE TEMPLATE FILE BUNDLED WITH THIS .ZIP FILE TO CREATE YOUR IMAGE. DO NOT ALTER THE FILE IN ANY WAY OR ELSE YOUR MOUSEPAD WILL NOT PRINT CORRECTLY.

2 KEEP THE FILE IN CMYK FORMAT

3 KEEP THE TEMPLATE LAYER IN THE FILE, BUT TURN THE VISIBILITY OFF. ONLY THE IMAGE SHOULD BE VISIBLE ONCE THE FILE IS OPENED, BUT THE TEMPLATE IS NECESSARY FOR PRODUCTION.

4 RESAVE THE FILE AS .PSD

ACCEPTABLE CONTENT

YES:

BOOBS
NIPPLES
DICKS
HERMS

NO:
